## PROFILE

I am a self-driven and passionate Computer Science Engineering student with a strong grasp of digital technologies, market dynamics, and consumer behavior. My deepening interest in web development inspires me to design and develop websites that are not only responsive and visually appealing but also highly intuitive for users. I'm enthusiastic about using my creativity, technical expertise, and problem-solving skills to work on impactful, real-world projects

## EDUCATION

### Schooling:

Venkitraj Matriculation Higher Secondary School

- SSLC - PASS (2020 - 2021)

Vigneshwar Vidhya Madhir Matriculation Higher Secondary School

- HSC - 82% (2023 - 2024)

### Higher Education:

KIT - Kalaigarkarunanidhi Institute of Technology, Coimbatore

B.E - Computer Science Engineering

- First Semester GPA - 7.76
- Second Semester GPA - 8.50
- Third Semester GPA - 8.96

## CERTIFICATION

### Infosys Springboard :

- Python Development Certification
- Java Programming Certification
- Web Development Certification HTML & CSS

### Red Hat & IBM:

- Getting started with linux fundamentals (RH104-RHA)-ver.9.1
- Artificial intelligence fundamentals

### Coursera:

- IoT (Internet of Things) Wireless & Cloud Computing Emerging Technologies

## HANDS ON LEARNING EXPERIENCE

- Inclusive Technology : Innovations for Global Impact
- Workshop on Drone Technology
